

We Can Assist You with Your L-1 Visa Needs

We know that the decision to start a business in the U.S. is one that brings many questions to the forefront and we are here to help. This firm was founded on an Investor visa so we understand much of what you are concerned with. Our goal is to assist you so that you can realize the dream of growing a business in the United States. We welcome the opportunity to guide you through the L-1 visa process and we are pleased to offer you the following services:

L-1 Visa Preparation and Filing Service

1. We will provide you with advice and counsel regarding your L-1 Visa petition and guidance throughout the various phases of the Visa process. We are available to answer any and all of your L-1 questions, and we are happy to schedule as many meetings with you as needed to make you comfortable with the Visa process.
2. We will provide you with a comprehensive questionnaire that will serve as your road map to all of the documents we will need to process your Visa.
3. We will prepare and file your L-2 Visa petition for you and this includes the compilation of binders and supporting documentation as well as a 7 page legal document that will explain to the government how you meet all of the L-1 visa requirements. We will also complete your DS-160 application that the consulate will require and other Visa forms for you as needed, including all required legal forms for your family.
4. We will have an interview preparation meeting with you to prepare you for the L-1 interview at the Consulate and provide you with examples of questions you can expect to be asked.
5. You can hire us to draft your business plan from scratch or you can provide us with one. If you provide us with a business plan, your L-1 visa service includes review and comment on your business plan and other Visa related documents (e.g. business entity set-up documents, lease, and letters from prospective clients).
